Hualapai Chairman Election Candidate • Robert Bravo, Jr.

**VOTING IS YOUR CONSTITUTIONAL RIGHT AS A
HUALAPAI TRIBAL MEMBER**

**VOTE
ROBERT BRAVO Jr
Hualapai Tribal
Chairman**

**HUALAPAI CHAIRMAN ELECTION CANDIDATE -
ROBERT BRAVO**

It is with great pride that I can say I am Hwal'bay. My name is Robert Bravo Jr. and I am running for Hualapai Tribal Chairman.

My professional background is business and I was very successful in my interim position as the CEO of Grand Canyon Resort Corporation from September 2009 thru September 2011. I also served as a Hualapai Tribal Council member in 2013. I have over 25 years of upper business management and leadership experience and since 2020, I have served our people as a Hualapai Tribal Court Advocate.

Family is of most importance to me. I enjoy hunting, camping, golfing and spending quality time with my entire family and friends. My father and mother are Robert Bravo Sr. and Marilyn "Imus Bravo. My father was born and raised in Nelson Arizona. Where his father Torivio Bravo was raised from the age of 14.

My mother Marilyn is full blooded Hwal'Bay. My paternal great grandmother is Queenie Imus who was married to John "Wath-Nack-A-Ma Imus. Who was an Indian Scout for the U.S. Army. My maternal great grand-

mother was Alma "Lane" Fielding, from the Big Sandy. Alma was married to Tom Lane who was from the Blue Mountain area.

It will be my honor to serve our people as the Hualapai Tribal Chairman. Our Constitution permits "all" tribal members to share in the responsibility of tribal government. The responsibility is not just an elected position. But to become a leader of our great nation to help make decisions, that will be in the best interest of our people and the land we live on.

"As a candidate for your vote to be Chairman - here are some focus points".

As your Chairman I will devote official time and my own personal time to the problems of basic policy. To work as a liaison between the Tribal Council and our Hualapai people.

I will promote economic development opportunities, to ensure a stable working environment. To provide more jobs for "all" Hualapai. To show the world once again that Hualapai are great entrepreneurs.

I will serve the Hualapai people first and foremost in everything that I do. Not my own personal interests. Putting the Hualapai people first means doing what is in the best interest of the community.

"I will avoid any conflict of interest that would keep me from putting the Hualapai people first".

I will focus my efforts on day to day operations and in future development of the tribe. I feel it is a public official's responsibility to be honest with the public. To disclose any possible conflict of interest and provide information to the Tribal Membership as needed.

I will focus on a specific change in our Hualapai Tribal Constitution, to lower the blood quantum to an 1/8. This is important for the longevity of our tribe and our people.

I will execute a plan to utilize the development of the Truckee California property that belongs to the Tribe. With the advice of the entire council and the department of director's. I will work towards a 4 day work week. At 9 hours per day to provide a better quality of life for our employees. Other Arizona tribe's have had success working this schedule.

As Hualapai Tribal members we are truly blessed to live in such a unique area. Which is encompassed within one million acres of beautiful pristine land. Our reservation borders 108 miles of the Colorado River, which is located on one of the World's Natural Seven Wonders- "The Grand Canyon".

There are many issues we need to focus on so we can continue to be self-sufficient. Not allowing anyone to take away our great opportunities for economic development. For example, our tribe has been in negotiations with the National Parks on the Colorado River Management Plan. For many years the National Parks have tried to regulate and cap our business. To less than what the Hualapai River Runners, Grand Canyon 9 Rapids and the Grand Canyon Pontoon operations are currently doing. This could potentially mean that the amount of passengers the Hualapai Tribe can sell in our tourism operations will be controlled by the National Parks. Many of the companies that travel from Lees Ferry are not paying for their guests. Who encroach on our tribal lands.

I will help adopt a procedure that monitors our land to make sure we are getting paid for each guest that trespasses on our property. As an example, at Whitmore Wash (Hualapai Tribal Land). The upper river rafter commercial concessioners and Bar 10 do helicopter exchanges at that location. The river rafters allowed to despoil our land. My commitment will be to execute a plan on how to monitor the area. To make sure our tribe is getting the revenue for each transfer and implement fines for the desecration of our land.

In other words, I will do my research to see why the Hualapai Natural Resources Conservation 24-70 Ordinance has been violated.

The lithium mining, where the Australian mining company. Hawkstone has been drilling on three sides of Hualapai land in Arizona's Big Sandy River Valley. Is and should be of big concern. Our argument is that the BLM has violated their rights in the oversight of the project.

As your Chairman my responsibility will be to form an alliance with County, State and US Government offi-

cials to continually seek resolution.

I was fortunate to start working with the Grand Canyon Resort Corporation in 1997. During my tenure I have seen many challenges and have had the opportunity to be part of the newest changes that have occurred. I was also involved with the runway project team and worked closely with FAA representatives. To develop the new runway. I participated with the Hualapai Tribal Council, GCRC and the National Parks to discuss the Colorado River Management Plan.

When elected, I will gather information and share with tribal members. So they have a clear understanding of the issues that affect the Hualapai Tribe. Political terms don't last forever therefore communication is very important.

We must all know what is at risk so our younger generations can continue to protect our land and our constitutional rights. As the Chairman it will be my duty to mitigate most situations instead of paying our attorney's for advice. They don't dictate to us how to run our tribal government, they work for us and follow our direction.

We have a great community that every tribal member should take pride in. What can we do as tribal members to make it a better place to live? What can we do to turn Peach Springs into a more cohesive community?

My goal as an elected official will be to help our community be a better living place for all tribal members. We have social issues similar to other communities and reservations. We need to focus and devote more of our resources on:

COVID 19 (my sincere condolences to tribal members who have lost loved ones)

Better prepared and proactive for potential crisis situations

Substance abuse

Domestic violence

Political interference

Separation of powers between the judicial and administrative arms of the Tribe.

As your elected Chairman it would be my responsibility to help implement programs to curb these and other issues. To help our people, we must never forget about our culture and traditions. Our parents and grandparents were taught to respect everyone. I feel we must regain that pride and have respect for one another within our community. If we are to move forward as a united tribe.

As your potential elected official I give you my word. It will be my responsibility to work with our Vice Chairman and our entire Council. To look out for the best interest of the Hualapai people, our tribal businesses. The Hualapai Tribal assets and the tribes Natural Resources.

I will support Council decisions and promise to keep you informed. Currently, I am familiar with the issues the Hualapai tribal council has been dealing with. Even with the community shutdown due to the Covid-19 crisis and being locked out of Council meetings. I have kept updated on the current political activity by following the council meetings with KWLP radio and zoom.

"If elected, as your Chairman, I pledge to lead by example and enforce the Hualapai Constitution and all laws within our tribal government. In closing, I would appreciate your vote and support as your newly elected Chairman of our "Great" Hualapai Nation".

Han'kyu!

Dear Hualapai Tribal Members & Community,

Greetings! I am writing to let you know that I am running for Chairwoman of the Hualapai Tribe to fulfill the previous Chairman's term. I was elected Chairwoman 2012 to 2016 during that time we were able to accomplish many important things for the Hualapai people.

I have also served on the Hualapai Tribal Council as a tribal council member from 2000-2004 and was elected as Vice-Chair 2005-2008. I have the experience and knowledge we have worked on hard issues for our tribe and we were able to accomplish great things! I have established so many positive relationships with other tribal leaders, State and Federal officials, and worked with members of Congress to further our issues and concerns with positive results.

As a Hualapai Tribal member, I have worked in the community primarily in positions that help the tribal member in their jobs and in their lives. I have lived in the community and have a home here in Peach Springs. I understand the hardships that we have as a community member and I am familiar with the sorrows we have felt with the loss of so many relatives and friends.

I hope that you will consider electing me for the position of Chairwoman of the Hualapai Tribe. I am committed to serve respectfully and truthfully with honesty and integrity. I intend to work for ALL Hualapai people to address the issues by following the Hualapai Constitution, Policies and Procedures and the Code of Ethics and fulfill my Oath of Office. Thanks for your consideration!

Respectfully Submitted,

Sherry J. Parker

Hello Peach Springs Community, Hualapai Tribal Members, relatives and friends,

My name is Jonell Tapija. My mother is Carol Tapija, my father is Claude Tapija, and my paternal grandfather is Grant Tapija Jr, also known as Junior and my paternal grandmother is Phoebe Tapija.

I am pleased to announce my candidacy for the Hualapai Tribal Chairperson position. As you know, I served as your Councilwoman from June 2018 to June 2022. During these four years, I gained a wealth of knowledge in Tribal, State and Federal Governance.

Our Hualapai Constitution, Code of Ethics, and Law and Order Code are only a few of the important documents that govern us. These documents were created by our forefathers to guide us to make the best decisions for the betterment of our Hualapai People. As your leader, I will uphold these documents with the best of my ability to respect the actions taken by our forefathers.

A leader must have an open mind to grasp the concepts of the tribal operations. You must understand how each tribal department operates and also have knowledge of the structure and strategies of our Grand Canyon Resort Corporation to ensure we are progressing to ensure stability into the future.

Although each tribe has its own successes and struggles, I am proud of the successes our Tribe has achieved. We must remember that our achievements stemmed from our ancestors who persevered through many hardships such as the march from La Paz. My heart hurts every time I think of what our people endured during that time, and I am humbly reminded that they survived that struggle so that we may live. We must always protect our sovereignty, land, water, and quality of life for our Hwal'bay people.

I am willing and able to accept the duties and responsibilities as your Chairwoman and will base my decisions in the best interest of the Hualapai membership for our future generations. I humbly ask for your vote on December 15, 2022.

Han kyu,

Jonell Tapija

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other; in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Tracks in the middle represent the coyote and other animals which were here before us.

Centers for Disease Control (CDC) • RSV in Infants and Young Children

Submitted by: Brook Bender | Hualapai Senior Services

RSV in Infants and Young Children

Respiratory syncytial virus, or RSV, is a common virus that affects the lungs and breathing passages

Each year in the United States, an estimated 58,000–80,000 children younger than 5 years old are hospitalized due to RSV infection. Those at greatest risk for severe illness from RSV include:

- Premature infants
- Infants, especially those 6 months and younger
- Children younger than 2 years old with chronic lung disease or congenital (present from birth) heart disease
- Children with weakened immune systems
- Children who have neuromuscular disorders, including those who have difficulty swallowing or clearing mucus secretions

Early Symptoms of RSV

RSV may not be severe when it first starts. However, it can become more severe a few days into the illness. Early symptoms of RSV may include:

- Runny nose
- Decrease in appetite
- Cough, which may progress to wheezing or difficulty breathing

Call your healthcare provider if your child is having difficulty breathing, not drinking enough fluids, or experiencing worsening symptoms.

Severe RSV Infection

Virtually all children get an RSV infection by the time they are 2 years old. Most of the time RSV will cause a mild, cold-like illness, but it can also cause severe illness such as:

- Bronchiolitis (inflammation of the small airways in the lung)
- Pneumonia (infection of the lungs)

One to two out of every 100 children younger than 6 months of age with RSV infection may need to be hospitalized. Those who are hospitalized may require oxygen, IV fluids (if they aren't eating and drinking), and/or mechanical ventilation (a machine to help with breathing). Most improve with this type of supportive care and are discharged in a few days.

Medication for Babies at High Risk

There is a medicine that can help protect some babies at high risk for severe RSV disease. Healthcare providers usually give this medicine (called palivizumab) to very

premature infants and young children with certain heart and lung conditions as a series of monthly shots during RSV season. If you are concerned about your child's risk for severe RSV infection, talk to your child's healthcare provider.

RSV in Very Young Infants

Infants who get an RSV infection almost always show symptoms. This is different from adults who can have few or no symptoms with RSV infection. In very young infants (less than 6 months old), the only symptoms of RSV infection may be:

- Irritability
- Decreased activity
- Decreased appetite
- Apnea (pauses in breathing more than 10 seconds)

What you should do if your child is at high risk for severe RSV infection

RSV season in most regions of the U.S. starts in the fall and peaks in the winter. If you have contact with an infant or young child, especially those who were born prematurely, have chronic lung or heart disease or a weakened immune system, you should take extra care to keep the infant healthy by doing the following:

- Wash your hands often
- Keep your hands off your face
- Avoid close contact with sick people
- Cover your coughs and sneezes
- Clean and disinfect surfaces
- Stay home when you are sick

Centers for Disease Control (CDC) • Older Adults are at High Risk for Severe RSV Infection

Submitted by: Brook Bender | Hualapai Senior Services

Older Adults are at High Risk for Severe RSV Infection

Respiratory syncytial virus, or RSV, is a common virus that affects the lungs and breathing passages

RSV infections can be dangerous for certain adults. Adults at highest risk for severe RSV infection include:

- Older adults, especially those 65 years and older
- Adults with chronic heart or lung disease
- Adults with weakened immune systems

Each year, it is estimated that between 60,000–120,000 older adults in the United States are hospitalized and 6,000–10,000 of them die due to RSV infection.

Severe RSV infection

When an older adult gets RSV infection, they typically have mild cold-like symptoms including runny nose, sore throat, cough, and headache. But RSV can sometimes lead to serious conditions such as:

- Pneumonia (infection of the lungs)
- More severe symptoms for people with asthma
- More severe symptoms for people with chronic obstructive pulmonary disease (COPD) (a chronic disease of the lungs that makes it hard to breathe)
- Congestive heart failure (when the heart can't pump blood and oxygen to the body's tissues)

Older adults who get very sick from RSV may need to be hospitalized. Some may even die. Older adults are at greater risk than young adults for serious complications from RSV because our immune systems weaken when we are older.

Scientists are working to develop vaccines

There is no vaccine to prevent RSV infection yet, but scientists are working hard to develop one. If you are concerned about your risk for RSV, talk to your doctor.

How to protect yourself and loved ones

RSV circulation starts in the fall and peaks in the winter. If you are at high risk for severe RSV infection, or if you interact with an older adult, you should take extra care to stay healthy:

- **Wash your hands often**
Wash your hands often with soap and water for 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer. Washing your hands will help protect you from germs.
- **Keep your hands off your face**
Avoid touching your eyes, nose, and mouth with unwashed hands. Germs spread this way.
- **Avoid close contact with sick people**
Avoid close contact, such as kissing, and sharing cups or eating utensils with people who have cold-like symptoms.
- **Cover your coughs and sneezes**
Cover your mouth and nose with a tissue when coughing or sneezing. Throw the tissue in the trash afterward.
- **Clean and disinfect surfaces**
Clean and disinfect surfaces that people frequently touch, such as doorknobs. When people infected with RSV touch surfaces and objects, they can leave behind germs. Also, when they cough or sneeze, droplets containing germs can land on surfaces and objects.
- **Stay home when you are sick**
If possible, stay home from work, school, and public areas when you are sick. This will help protect others from catching your illness.

Indian Garden Now Officially Called Havasupai Gardens

U.S. Board of Geographic Names and National Park Service Approves Havasupai Tribe's Name Change Request

HAVASUPAI RESERVATION and GRAND CANYON, Ariz. Nov. 21, 2022—The U.S. Board of Geographic Names voted unanimously (19-0) earlier this month in favor of the formal request submitted by the National Park Service on behalf of the Havasupai Tribe to change the name of Indian Garden (FID #6209) to Havasupai Gardens.

Earlier this year, the Havasupai Tribe passed Resolution 29-21 which provided a formal request to the National Park Service to change the name. Havasupai Gardens is along the Bright Angel Trail and is a frequent stop for day hikers and backpackers exploring the backcountry of Grand Canyon. Originally called Ha'a Gyoh, the National Park Service (NPS) instituted policies that forced the Havasupai people from Ha'a Gyoh and in 1928, the last Havasupai resident, Captain Burro, was forcibly removed. Havasupai people continued to live and work within Grand Canyon National Park, despite the forced removal from the inner canyon.

"The eviction of Havasupai residents from Ha'a Gyoh coupled with the offensive name, Indian Garden, has had detrimental and lasting impacts on the Havasupai families that lived there and their descendants," said Chairman Thomas Siyuja, Sr. "Every year, approximately 100,000 people visit the area while hiking the Bright Angel Trail, largely unaware of this history. The renaming of this sacred place to Havasupai Gardens will finally right that wrong."

"The Grand Canyon National Park team was proud to work alongside the Havasupai Tribal Council in our joint effort to rename this culturally significant location at the Grand Canyon," said Superintendent Ed Keable. "The Havasupai people have actively occupied this area since time immemorial, before the land's designation as a National Park and until the park forcibly removed them in 1926. This renaming is long overdue. It is a measure of respect for the undue hardship imposed by the park on the Havasupai people."

"Park employees kept noticing a Native man walking up and down the canyon walls to Indian Garden, and they began to call him Billy Burro. After all, he could hike up and down those walls just like a mule," said Ophelia Watahomigie-Corliss, a member of the Havasupai Tribe and former Council member. "This man and his family were pushed out of Indian Garden, forced to leave the land they had farmed for generations so the national park could make it theirs. Billy Burro's daily trail was turned into what is most of Bright Angel Trail today."

"The people of the Havasupai Tribe have always called the vast Grand Canyon and the plateau lands south of it our homeland," said Chairman Siyuja. "The Creator made the Havasupai People the guardians of the Grand Canyon, and this is a role that we take very seriously. We are a small tribe. But our voices and our spirits are large."

The Burro family changed their name to Tilousi, which means "storyteller." And for generations, the Burro-Tilousi family have fought to protect the history and culture of the Havasupai people. "As a descendent of the Burro-Tilousi family I am glad to see that we will always remember and honor the true history of my family's forced relocation due to the development of the Grand Canyon National Park," said Carletta Tilousi, a member of the Havasupai Tribe and former Council member. "For that reason, honoring our ancestors and remembering our history is also very important to the Havasupai people. I hope this historic action will help other Tribes take similar steps and reclaim lands back by changing place names for historic and cultural preservation purposes."

Efforts are already underway to update signage, website and other materials with the new name. The Havasupai Tribe and NPS are currently planning a rededication ceremony in early Spring 2023.

John Hopkins and Sarazese Begay Hopkins have been members of the Peach crew of volunteers for several years. Both are Native American. John is a member of the Narragansett Tribe of Rhode Island and Sara is Navajo. John and Sara resided in Peach Springs while Sara worked at the local school. They have continued their regular participation despite moving to Page for this school year, including travel back to Peach Springs recently to help the station with Hualapai Days activities! Their dedication and efforts are much appreciated! John, aka Huckleberry Hopkins, hosts both Re: Cowboy Radio and the OK Corral every Wednesday afternoon, bringing intellect and humor to KWLP listeners in his unique and enjoyable style. He recently undertook a third project for The Peach utilizing his journalist education and experience to contribute a recurring Native American historical segment: "The Talking Stick Time Machine." Listen for it soon! You also still hear his voice on some of our fun advertisements! Sara continues her involvement as an advisory committee member long distance. She also traveled to the PSH to help us with Hualapai Days activities. Both have previous experience in radio. They are a pleasure to work with and an asset to the station! We wish they'd have found us sooner! They will receive incentives valued at over \$100.00 for being Volunteers of the Month!

HOUSING ASSISTANCE APPLICATION

GENERAL INSTRUCTIONS

This application is for the Housing Improvement Program (HIP) of the Bureau of Indian Affairs (BIA).

The HIP is a grant program that addresses the housing needs of those Indians who cannot qualify for housing assistance from any other source. It involves the repair and renovation of existing housing or the construction of a new unit. Individual Federally-recognized Indian tribe's participation is mandatory and their direct administration of the HIP is encouraged. The selection of eligible families or individuals for HIP services is done through a screening process by assigning points to specific ranking factors documented in the application.

Individuals wishing to apply for HIP assistance must complete this application and submit it to either their local BIA Agency office or designated Tribal HIP office, if operated under P.L. 93-638 contract or P.L. 103-413 Self-Governance compact.

3. The disclosure of this information is voluntary. Failure to provide the information required to support the verification process will result in the denial of the application. Incomplete applications will not be considered. The information provided in this application may be made available to authorized sources for verification purposes upon request.

The following detailed definition of income is from the Bureau of Indian Affairs' Financial Assistance and Social Services Program Regulations, 25 CFR Part 20 Subpart C - Direct Assistance shall be applied to HIP applications.

(A) Resources. In determining eligibility..., the Bureau shall consider all types of income and other liquid assets available for support and maintenance unless... *or specifically excluded by Federal statute*. All earned or unearned income will be counted as income in the month received and as a resource thereafter, except certain income from the sale of real personal property as provided in Section 20.309(d). Resources are considered available when they are converted to cash.

Only adjustment or exclusion to income is in accordance with 25 U.S.C. 1408, Section 8, as amended, which provides that: "..., and up to \$2,000 per year of income received by individual Indians that is derived from interests (trust or restricted lands) shall not be considered income..." Income from Indian gaming is not considered part of this statutory exclusion.

(1) "Earned income" is cash or any in-kind payment earned in the form of wages, salary, commissions, or profit from activities by an employee or self-employed individual.
Earned income includes:

- (a) Any one-time payment to an individual for activities which were sustained over a period of time (for examples, the sale of farm crops, livestock or professional artists producing act work);
- (b) With regard to self-employment, total profit from business enterprise (i.e., gross receipts less expenses incurred in producing the goods and services). Business expenses do not include depreciation, personal business and entertainment expenses, personal transportation, capital equipment purchases, or principal payments on loans for capital assets or durable goods.

(2) "Unearned income" includes, but is not limited to:

- (a) Income from interest; oil and gas and other mineral royalties; gaming income per capita distributions; rental property; cash contributions, such as child support and alimony, gaming winnings; retirement benefits;

- (e) In-kind contributions providing shelter at no cost to the individual or household, this must equal the amount for shelter included in the state standard, or 25 percent of the state standard, whichever is less; and

(Instructions – Page 2 of 3)

- (f) Financial assistance provided by a state, tribal, county, local or other federal agency.

(3) The Bureau shall prorate:

- (a) Recurring income received by individuals over a 12-month period for less than a full year's employment (for example, income earned by teachers who are not employed for a full year);
- (b) Income received by individuals employed on a contractual basis over the term of a contract; and
- (c) Intermittent income received quarterly, semiannually or yearly over the period covered by the income.

ITEM D - Housing Assistance: Housing assistance in the form of repairs to bring a housing unit to a standard condition is for the applicant(s) who are living in their own home. The applicant must sign a written agreement that if he/she sells the house within five years following the date of completion of the repairs, the full amount of the assistance must be repaid to the BIA at the time of settlement. [25 CFR Part 256.9(d)]

The applicant needing construction of a new standard house must have ownership of the land on which the house is to be built. In the case of a leasehold interest, it must be for not less than 25 years. The applicant must sign a written agreement that if he/she sells the house within the first ten years from the date of ownership, the grant is voided and the full amount of the HIP grant will be repaid to the BIA at the time of settlement. [25 CFR Part 256.10]
